Progress: 1968

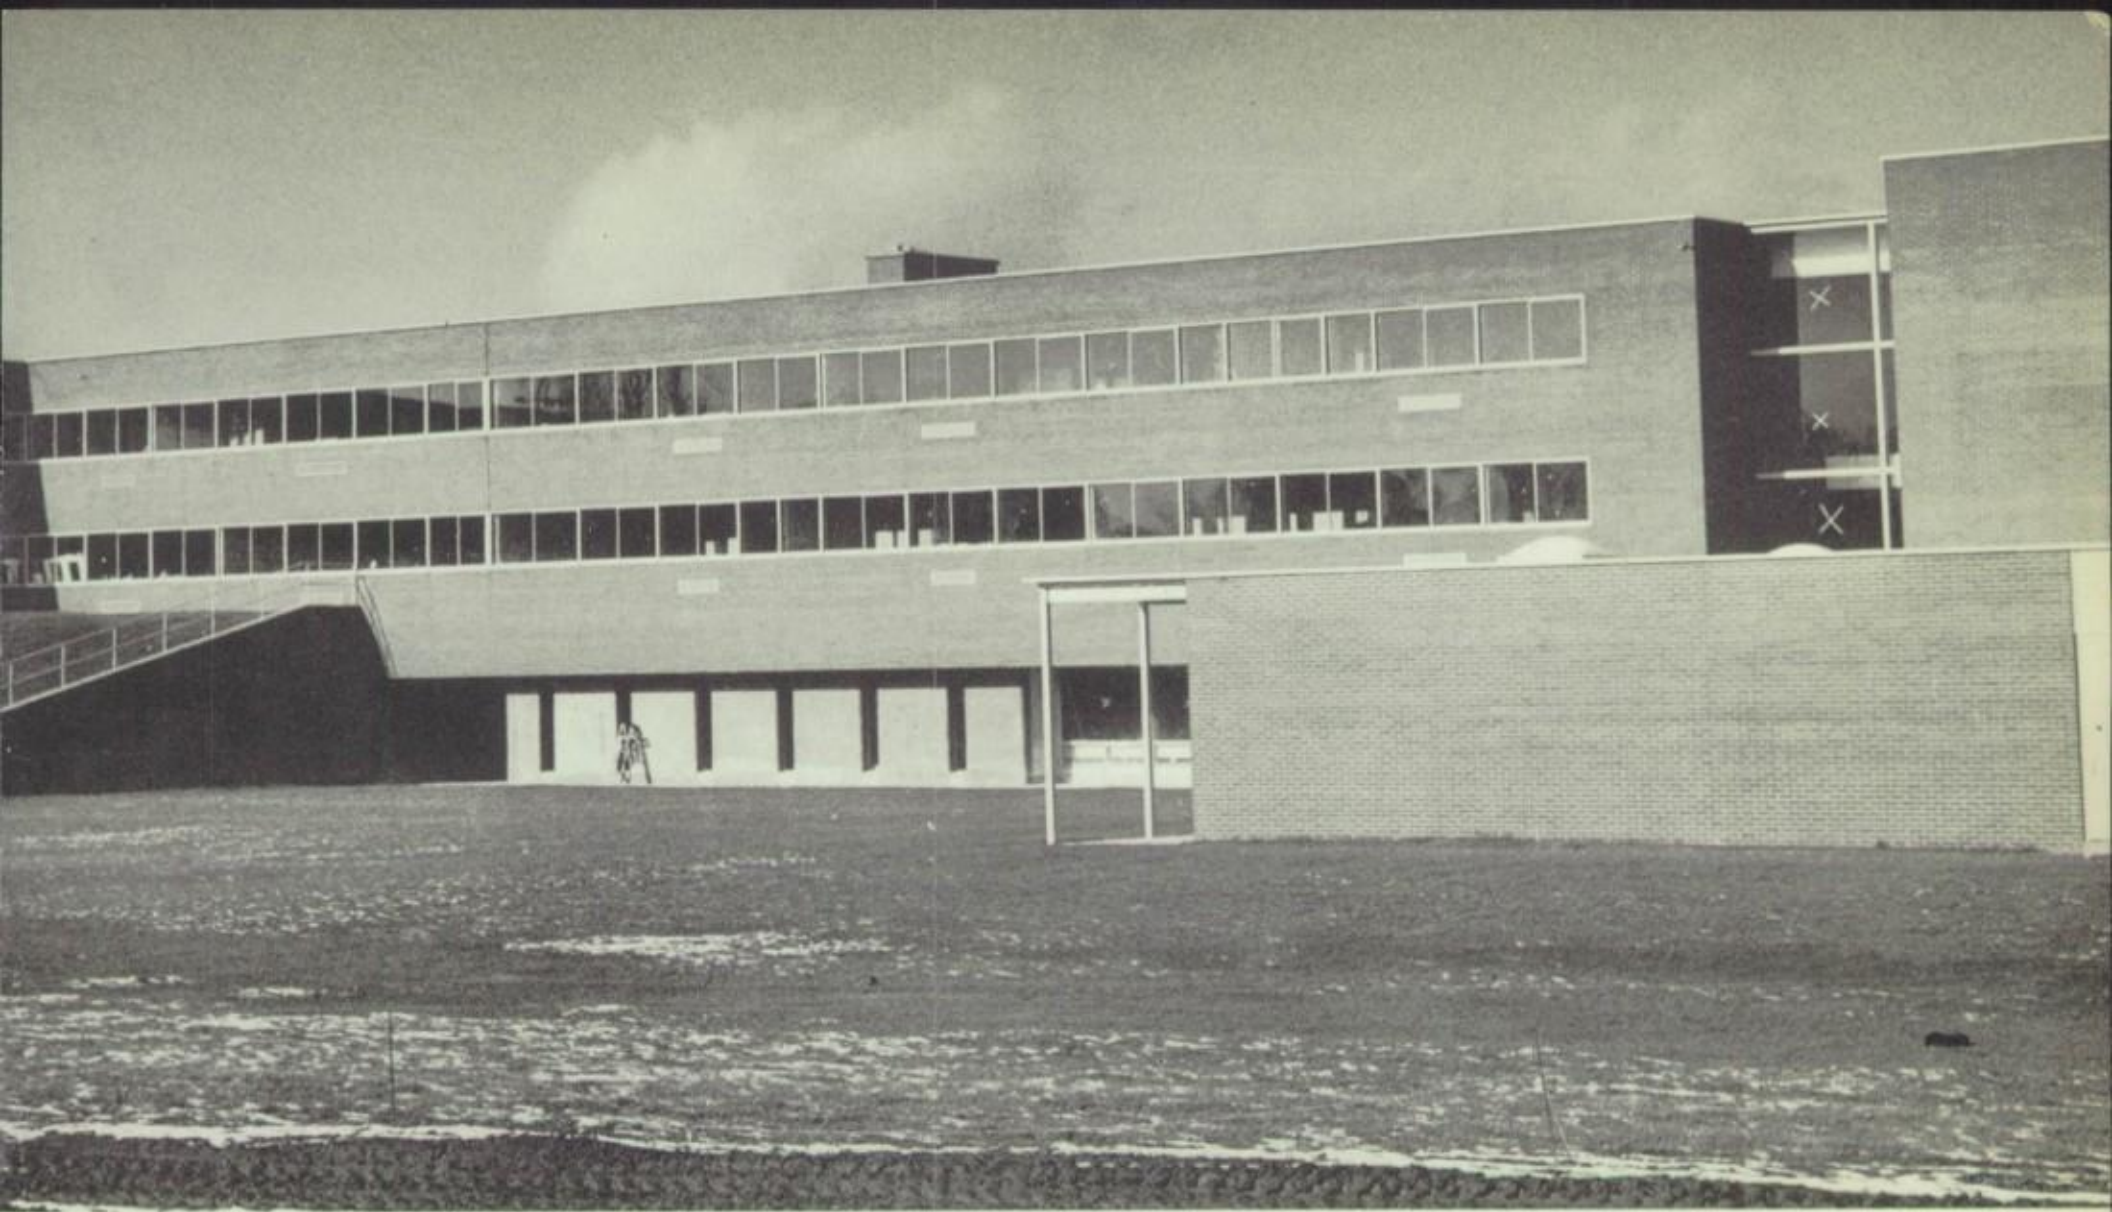

The big news of 1968 was the completion of the new school. An open house was conducted in March for students, teachers and the public. However, the cafeteria, kitchen and some other areas will not be ready for use before September. As the Cohisean goes to press, it is the plan of the administration to hold graduation for the Class of '68 in the new auditorium this June. Landscaping and roadways will be completed during the summer.

As the new auditorium neared completion, the Cohisean editor, Anne Falato, and a member of the photography staff, David Fitzmaurice, accompanied Dr. Perrotta and Mr. Panek on an inspection tour. The new school will have a student capacity of 1,000. The auditorium, where graduation is to be held, will be air conditioned and carpeted. The large modern gym will be a welcome change, not only for classes, but also for sports contests which have been held in the armory.

So impressed were the Cohisean staff with Dr. Perrotta's description of the improvements and progress, that they momentarily considered the possibility of becoming "drop-outs" in order to have an opportunity to return in the fall.

PROGRESS '68 foretells a beautiful graduation for the Class of '68, a new school for the fall, and many new programs for the present underclassmen. With its increased capacity, its modern equipment and enlarged curriculum, the new C. H. S. will take its place with the best schools in the area.

Progress was made in the planning for improvement and expansion of the curriculum. At open house, parents had the opportunity to become acquainted with new trends in education as these pictured here in discussion with Miss Holleran of the English department.

At a series of three workshops, teachers discussed new ideas, materials and courses as well as the problems facing educators. Mr. John Panek, Principal, was in charge of the programs, one of which featured displays and demonstrations of audio-visual equipment. Four discussion groups under group leaders worked for changes in the school system. Follow-up reports are planned until a new regulation or policy is established.

Social studies tried experimental material

New programmed material was used for one class in both world and American history. Programming is simply a method of organizing material so that there is a gradual progression from the simplest beginning of a subject to more complex issues. As the student goes on, each step reinforces what he has learned before and prepares him for the next step. Miss Poincel and Miss Purner, who conducted the experimental classes, considered them a success.

Other activities of the group included: a field trip to Mystic Seaport, Connecticut in company with the Middle School Yorkers and their advisors; attendance at the Jamboree in February and the 1968 convention at Lake Placid in May.

During the year two service projects were carried out. Yorkers collected for the Muscular Dystrophy drive and assisted the Salvation Army with its Christmas work for needy families. Cohisean staff hampered by double session—

The double session continued to increase the problems facing the yearbook staff. Most of the student work had to be done after school. But lack of lunch facilities, after school jobs and Driver Education classes, created conflicts. The staff was also challenged as to the situation in regard to the new school. As

the completion date moved farther into the future, the progress report for 68 was more difficult to record. Every effort was made by the staff to keep the high place rating secured by previous editions of the Cohisean.

The paper also gave interested students an opportunity to publish original stories and poems.

SPORTS

A Pep Rally such as the one shown here demonstrates the school spirit at C.H.S. Interest in all sports is keen. But overall, the colorful game of basketball with its fast moving action, roars of the crowd and cheerleaders continued to be the number one spectator sport.

Last spring, track was renewed at Cohoes High and took its place with the always popular sport of baseball. In the fall, varsity football was introduced for the first time in eight years. It proved to be the most popular of the outdoor sports, although C.H.S. continued to field a soccer team.

Progress in sports also means learning good sportsmanship and acquiring a competitive spirit. This has always been the primary objective of the Cohoes High sport program.

C.H.S. reactivated varsity football program—

This year Cohoes reactivated its varsity football program after an eight year layoff and compiled a 1-6 record.

In the initial game, Cohoes was defeated by Ravena 43-0, despite the standout performances of Mark Ringer and Jeff Ciejka, who blocked 4 PAT's.

After a 19-0 shutout at the hands of Ballston Spa, the Tigers came roaring back with an upset over Watervliet 14-13. Tim Jacon scored both Cohoes touchdowns; one on an end sweep and another by a pass from Mark Ringer. Bill Zullo kicked both extra points. John Nadeau, Steve Ku-

ber, and Tony Barbera all shined on defense.

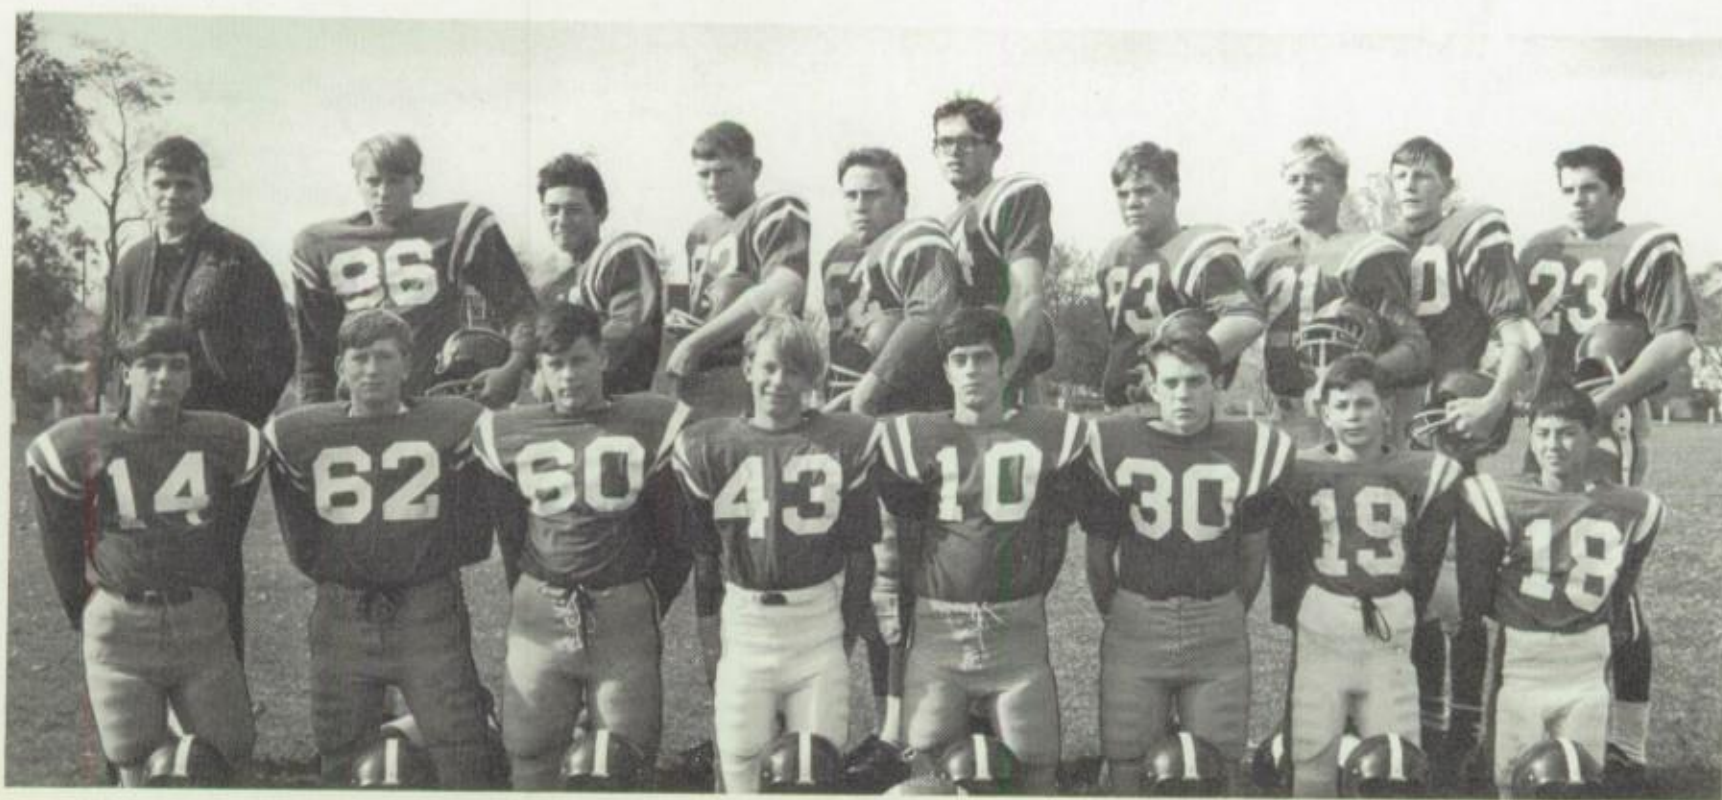

Cohoes then ran up against a rough Mechanicville team, which allowed only 7 points all year, and shutout C.H.S. 44-0.

Following a 47-6 setback against Lansingburgh, in which the only C.H.S. score was by Tim Jacon, the Tigers lost a decision to Draper 42-12. Mark Ringer led attack with a touchdown pass to Steve Kuber, and John Dawkins recovered a fumble in the Draper endzone to account for Cohoes' score.

In the final game against Schalmont, the Tigers dropped a 54-0 score.

This year the Tigers played their last basketball games in the armory. Mr. Joe Loudis, in his first year as head basketball coach, led his Varsity to a respectable 9-9 overall record. The hard-fighting Tigers lost their bid for a sectional berth in the very last game in which they were defeated by Mechanicville.

STUDENTS

Double session continued for students at Cohoes High School. It was a difficult period for everyone concerned and no one was sorry to see it end.

The year 1967-1968 was unique in that all classes had to be reorganized under new deans. It has always been necessary to appoint a new dean for the incoming Freshman class, but this year it was necessary to replace Miss Stanton, Mrs. Capolla and Mrs. Myer as well. Two new teachers, Miss Guresz and Mrs. Sala became Senior and Junior deans respectively. Mrs. Donnelly, who was dean of the Class of '66, agreed to take charge of the Sophomores.

C.H.S. becomes C.M.S.—

With the departure of the four upper classes, C.H.S. has now become officially the Cohoes Middle School. For the past two years both groups have been sharing the high school on a double session program.

The Middle School concept is a new idea in education. It is a transitional school designed to give young adolescents an identity in the total educational process. Educators now believe that the

sixth, seventh and eighth grades comprise a more compatible age grouping than the former Junior High arrangement. However, the advantage of departmentalized work is maintained and extended.

The Cohoes Middle School has been going through its formative stages and now emerges full fledged upon the scene with a building of its own and an active program under the direction of Mr. Dale Hawley, Principal.
